

The 16th International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP 2020)

The 13th International Conference on Frontiers of Information Technology, Applications and Tools (FITAT 2020)

November 5-7, 2020, Ho Chi Minh, Vietnam

CALL FOR PAPER

INVITED SESSION: Deep Learning for Intelligent Systems

This session focuses on developing and applying deep learning models to real-world problems related to intelligent systems. Deep learning has recently made many breakthroughs in various fields of computer science such as computer vision, natural language processing, and many others. Over the past few years, various models have been proposed for learning to represent data along with prediction and generation problems that make deep learning successfully transferred from research to applications. In the context of this session, we will explore and discuss both new paradigms and deep learning applications in computer vision, nature language processing, speech processing, and any areas in computer science related to deep learning techniques.

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this particular invited session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from application-oriented fields in industry and commerce are also welcome. IIHMSP/FITAT-2020 conference proceedings will be published in the book series entitled “Smart Innovation, Systems and Technologies”, which is on the EI index list, by Springer. Normally, papers published in this book series will be indexed by EI when the paper quality fits the requirement and the publishing procedures (including the oral presentation) are completed.

The paper length is 6-8 pages for the regular paper. Each paper is allowed to have maximum 2 extra pages with raising USD 100 registration fee per extra page. All papers must be submitted electronically in PDF format only. Details of the required paper format are available at the official IIHMSP/FITAT-2020 website. For further information, please contact the session organizers given below.

IMPORTANT DATES

Submission of papers:	April 25, 2020	May 15, 2020	May 31, 2020
Notification of acceptance:	May 25, 2020	June 05, 2020	June 15, 2020
Camera-ready papers:	June 30, 2020		
Registration and payment:	June 30, 2020		
Conference:	November 5-7, 2020		

Session organizers

Prof. Le Anh Cuong, Ton Duc Thang University, Vietnam
