

The 16th International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP 2020)

The 13th International Conference on Frontiers of Information Technology, Applications and Tools (FITAT 2020)

November 5-7, 2020, Ho Chi Minh, Vietnam

CALL FOR PAPER

INVITED SESSION: Big Data and Its Applications

SESSION ORGANIZERS: Prof. Young-Ho Park and Prof. Aziz Nasridinov

The big data has become a core technology to provide innovative solutions in many fields. Big data analytics is a process of discovering information such as hidden patterns, unknown correlations and market insights that can be useful to make various business decisions. Recent advances in deep learning, machine learning and data mining have improved to the point where these techniques can be used in analyzing big data in healthcare, manufacturing, social life and etc. The aim of this special session is to present the innovative results, encourage academic and industrial interaction, and promote collaborative research in the field of big data.

The topics of interest include but are not limited to:

1. Novel Algorithms for Big Data Analytics
2. Deep Learning Analysis of Big Data
3. Big Data Analytics and Visualization
4. Big Data Analytics in IoT
5. Big Data Analytics in Agriculture
6. Big Data Analytics in Public Sector
7. Big Data Search and Mining
8. Smart Factory and Big Data
9. Smart Healthcare and Medicine
10. Smart Education
11. Big Data Applications

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this particular invited session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from application-oriented fields in industry and commerce are also welcome. IIHMSP/FITAT-2020 conference proceedings will be published in the book series entitled “Smart Innovation, Systems and Technologies”, which is on the EI index list, by Springer. Normally, papers published in this book series will be indexed by EI when the paper quality fits the requirement and the publishing procedures (including the oral presentation) are completed.

The paper length is 6-8 pages for the regular paper. Each paper is allowed to have maximum 2 extra pages with raising USD 100 registration fee per extra page. All papers must be submitted electronically in PDF format only. Details of the required paper format are available at the official IIHMSP/FITAT-2020 website. For further information, please contact the session organizers given below.
